Upon completion of the Services relating to processing of Personal Data, the Subcontractor shall promptly obtain direction from RTI-HS and then immediately, per such instruction, (i) delete all the Personal Data; or (ii) return all Personal Data to RTI-HS (or another Subcontractor if so requested by RTI-HS); provided, however, that the Subcontractor shall be entitled to retain a copy of the Personal Data only to the extent required by law. If the Subcontractor is obligated to retain Personal Data to comply with applicable legislation in third countries, the Subcontractor must notify RTI-HS thereof, including the legal basis for continued storage.

17. If any provisions of this Addendum conflict with the provisions of the Subcontract or any other agreement between the Parties, then the provisions of this Addendum shall supersede such conflicting provisions as to the matters addressed in this Addendum.
